Reissue Application for:

U.S. Patent No. 5,911,698**Issued: April 22, 2003**Application No.: **09/879,002**Filed: **June 12, 2001**

For:

**TREATMENT FOR
CARDIOVASCULAR AND
RELATED DISEASES**Art Unit: **3762**Examiner: **Bianco, Patricia**Docket No: **44378/232454
(13131-0110)****DECLARATION FOR REISSUE APPLICATION BY THE INVENTORS**

I declare that:

1. My residence, mailing address, and citizenship are stated below next to my name.
2. I believe I am the original, first and joint inventor of the subject matter which is described and claimed in U.S. Patent No. 5,911,698 (hereinafter the '698 Patent), granted June 15, 1999, and for which a reissue patent is sought on the invention entitled "Treatment for Cardiovascular and Related Diseases," the specification of which was filed on June 12, 2001 as reissue application number 09/879,002.
3. I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by the Preliminary Amendment submitted with the reissue application and amended by the Amendments submitted on June 19, 2003, April 27, 2004 and July 8, 2004.
4. I acknowledge the duty to disclose information that is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, § 1.56(a).
5. I hereby claim foreign priority benefits under Title 35, United States Code, § 119 (a)-(d) or (f), or 365(b). The foreign applications are listed below:

Application No.	Country	Filing Date	Priority Claimed Under
PCT/AU95/00875	PCT	December 22, 1995	35 U.S.C. § 119

Reissue Application for
U.S. Patent No. 5,911,698
Issued: June 15, 1999
*Substitute Declaration for Reissue
Application by Inventors*

I. STATEMENT OF INOPERABILITY OR INVALIDITY AND OCCURRENCE OF THE ERRORS

6. I verily believe the original patent, which matured from application Serial No. 08/849,543 ("the Application"), to be partly inoperative or invalid for the following reasons.

- a. The '698 Patent is partly inoperative or invalid by reason of a failure to name the correct inventive entity. The '698 patent failed to name Bill Elliot Cham as an inventor. This error arose without any deceptive intention on the part of the Applicants.
- b. The '698 Patent is partly inoperative or invalid by reason of the patentee claiming more or less than the patentee had the right to claim in the patent, specifically the number and scope of the claims in the '698 Patent is insufficient to comprehensively cover the features of the invention. For example, the claims failed to include a method in which the delipidated fraction is not recombined with the blood cells and/or returned to the subject. This feature is fully supported by the specification, and thus Applicants had a right to claim such a feature. Claims 22-47 have been added to recite this additional feature not captured by the originally issued claims.

II. STATEMENT OF LACK OF DECEPTIVE INTENT

7. All errors which are being corrected in the present reissue application, and that are not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the Applicants.

8. I authorize the U.S. attorneys or agents associated with the customer number provided below to accept and follow instructions from my employer (if I am an employee and this application has been or will be assigned to my employer) or the entity with which I have contracted (if I am an independent contractor and this application has been or will be assigned to such entity), as to any action to be taken in the United States Patent and Trademark Office regarding this application without direct communication between the U.S. attorney or agent and the undersigned. In the event of a change in the persons from whom instructions may be taken, the U.S. attorneys or agents associated with the customer number provided below will be so notified by the undersigned.

As a named inventor, I hereby revoke all prior powers and appoint the practitioners associated with _____ to prosecute this application and transact all
